

INASET *PLUS OFFSET*

A range of papers with high whiteness, opacity and bulk.

PRODUCT INFORMATION

A range of papers with high whiteness, opacity and bulk; that guarantees excellent print performance. The bright whiteness of Inaset Plus Offset gives excellent contrast and definition, optimising colour printing results. The high opacity gives good results to work with all over print coverage, without the need to increase weight. For many jobs, the high bulk factor allows lighter grammages to be used. Inaset Plus Offset is FSC® certified. Complimentary heavier weights available in the Infoset range.

SPECIFICATION
